

How to Access Great North Care Record in BadgerNet

Scenario

This guide shows you how to access Great North Care Record via BadgerNet. This system is used by maternity services in several Trust's in the region.

Instructions

1. Open a patient record
2. Ensure the patient has a confirmed/actual date of birth and an NHS number recorded. GNCR uses these details to find the patient's shared record. If these details are missing or incorrect the error below will be displayed by GNCR:

No records are available for this patient/service user from their care providers within the time period that the Health Information Exchange (HIE) has been available or this patient/service user has requested that their records are not made available.

3. Scroll to the bottom of the main menu
4. Select GNCR Portal – this is located within the Clinical Portals section at the bottom of the menu:
