Allergies and Adverse Reactions

1 Patient record transfer from previous GP practice not yet complete; information recorded before 12-Feb-2019 may be missing

Current Allergies and Adverse Reactions

| Start Date | Details |
|-------------|---------------------------------|
| 20-Feb-2019 | Adverse reaction to Paracetamol |

Historical Allergies and Adverse Reactions

Historical Allergies and Adverse Reactions data is not supported by this system. 2

1. This banner will appear if the patient has recently moved GP practice or if the GP practice is going through a merge.
2. EMIS does not support Historical Allergies and Adverse Reactions but TPP/SystemOne does.

Community Section

This section will show allergies, drug risks/ warnings from:

- Community providers using SystemOne

Select 'All Views' and then scroll to the 'Allergies and Adverse Reactions' section.

If care has been provided by more than one community unit then each unit will have a separate 'All Views' report listed.

| Report Name | Performed by | Date Completed | Source |
|---------------------------|--------------|-------------------------|--------|
| All Views | | 22/03/2023 19:17:19 GMT | NP |
| All Views | | 22/03/2023 19:17:19 GMT | NPS |
| All Views | | 22/03/2023 19:17:19 GMT | NDNS |

Allergies and Adverse Reactions

Current Allergies and Adverse Reactions

Items excluded due to confidentiality and/or patient preferences

| Start Date | Details |
|-------------|---|
| 13 Dec 2019 | Transfer-degraded drug allergy (XaLGR) Allergy description: Adverse reaction to enalapril added in care history with free text entry |
| 13 Dec 2019 | Egg allergy (Xa1nm) - free text added in care history |

Historical Allergies and Adverse Reactions

No 'Historical Allergies and Adverse Reactions' data is recorded for this patient.

Mental Health Section

This section will show Allergies and Adverse Reactions from:

- CNTW

Select 'CNTW Records' and then select the 'Allergies and Adverse Reactions' section.

The screenshot shows a patient record interface. At the top, there is a blue header with 'Mental Health (1)' and a 'Summary' dropdown. Below this is a table with columns: Report Name, Performed by, Date Completed, and Source. A row is highlighted with a green box around the 'Report Name' column, containing the text 'CNTW Records (Mental Health, Learning Disability and Specialist Services)'. Below the table is a navigation bar with tabs: Demographics, Open and Historic Referrals, Recent Progress Notes (last 20 notes), Upcoming & Recent Appointments, Events Timeline, Risks and Alerts, Allergies and Adverse Reactions, Mental Health Act Status, Inpatient Events, CPA, Care Plan, and Clinical. The 'Allergies and Adverse Reactions' tab is highlighted with a green box. Below the navigation bar is a table titled 'Allergies and Adverse Reactions' with the following data:

| Substance | Reaction | Reaction Type | Severity of Reaction | Year of Identification |
|----------------------------|---------------------------------|------------------|---------------------------|------------------------|
| Peanut containing products | Anaesthetic shock - sensitivity | Adverse Reaction | Severe - Life Threatening | 2000 |
