

# Great North Care Record: Miscellaneous Reports

## Scenario

This guide provides an overview of the information shared into the Miscellaneous Reports section of GNCR.

## Who shares Miscellaneous Reports?

The following organisations share data into this section:

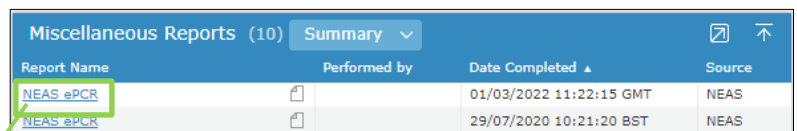

Organisations name	Where does it display in the record?
Gateshead Health NHS FT (Maternity)	Miscellaneous Reports
North East Ambulance Service (NEAS)	Miscellaneous Reports
North Cumbria Integrated Care NHS FT (Maternity)	Miscellaneous Reports
Northumbria Healthcare NHS FT (Maternity)	Miscellaneous Reports

## NEAS - Miscellaneous Reports

Ambulance reports from NEAS are shared into the **Miscellaneous Reports** section of the GNCR record and will be named **NEAS ePCR**.

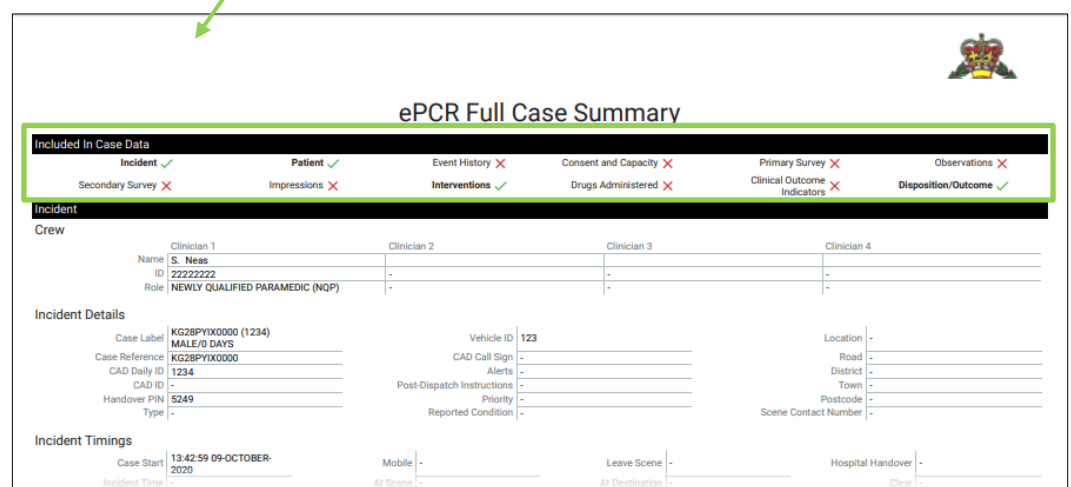

For the ambulance report to be shared into the GNCR record the patient's date of birth and NHS number must be accurately recorded by NEAS.

If the patients NHS Number is unknown at the point of booking the patient into the ED, it is recommended the hospital **admin staff provide the NHS Number to the NEAS crew**. The NEAS crew can then enter the NHS number into their system, allowing the report to be sent to GNCR.
