

Great North Care Record: Alerts

Scenario

This guide explains how to find Alerts in Great North Care Record.

Who shares Alerts?

The following organisations share data into this section:

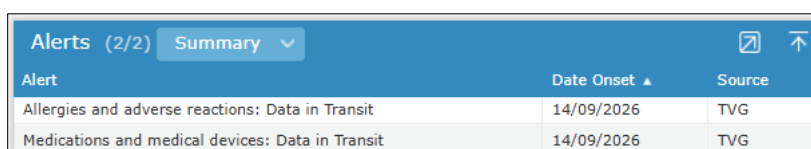

Organisations name	Where does it display in the record?
GP using EMIS and SystmOne	Alerts

Alerts section

This section will show social context information from:

- GP using EMIS and SystmOne

An alert will appear if the patient has changed GP practices, and the transfer of data has not been fully completed. Once the data transfer has been completed, the alert will not appear.

Alert	Date Onset	Source
Allergies and adverse reactions: Data in Transit	14/09/2026	TVG
Medications and medical devices: Data in Transit	14/09/2026	TVG

Select a line to see full details including Alert Details.

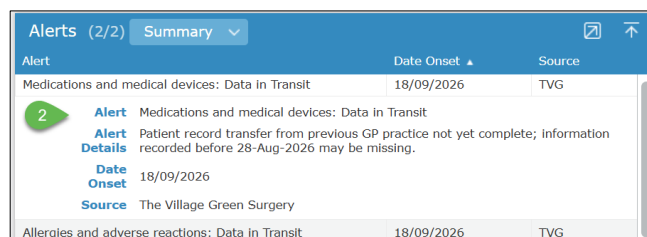

1. If you hover your mouse over the row of information a summary box will appear with further details in.

Alert	Date Onset	Source
Medications and medical devices: Data in Transit	18/09/2026	TVG

Alert Medications and medical devices: Data in Transit
Alert Details Patient record transfer from previous GP practice not yet complete; information recorded before 28-Aug-2026 may be missing.
Date Onset 18/09/2026
Source The Village Green Surgery

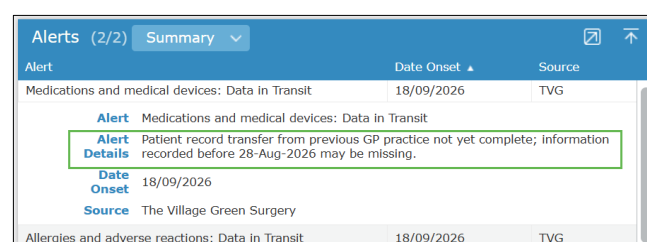

2. If you click on the row the information will appear below.

Alert	Date Onset	Source
Medications and medical devices: Data in Transit	18/09/2026	TVG

Alert Medications and medical devices: Data in Transit
Alert Details Patient record transfer from previous GP practice not yet complete; information recorded before 28-Aug-2026 may be missing.
Date Onset 18/09/2026
Source The Village Green Surgery

The date in 'Date Onset' will appear as the date that the record was loaded. A date specific to the alert can appear in the 'Alert details' row.

Alert	Date Onset	Source
Medications and medical devices: Data in Transit	18/09/2026	TVG

Alert Medications and medical devices: Data in Transit
Alert Details Patient record transfer from previous GP practice not yet complete; information recorded before 28-Aug-2026 may be missing.
Date Onset 18/09/2026
Source The Village Green Surgery

When there is an alert or warning in the Alerts widget, a **warning line** will appear on the demographic bar to warn the user that there is information in the Alerts widget. This warning line will only display if there is data present in the Alerts widget.
